[Intro]
G Dm C/G C/G

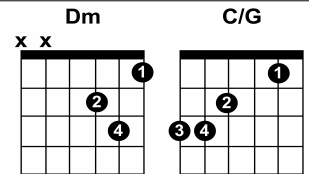

[Verse 1]
 G Dm
When you left this town, with your windows down
 C/G
And the wilderness inside
 G Dm
Let the exits pass, all the tar and glass
 C/G
'Til the road and sky align

[Chorus 1]
 G Dm
The strangers in this town,
 C/G Am
They raise you up just to cut you down
 G Dm C/G
Oh Angela it's a long time coming

[Verse 2]
 G Dm
And your Volvo lights lit up green and white
 C/G
With the cities on the signs
 G Dm
But you held your course to some distant war
 C/G
In the corners of your mind

[Chorus 2]
 G Dm
From the second time around
 C/G Am
The only love I ever found
 G Dm C/G
Oh Angela it's a long time coming

[Break]
 G C/G Em
Home at laaaaaaaaaaast

[Verse 3]
 G Dm
Were you safe and warm in your coat of arms
 C/G
With your fingers in a fist
 G Dm
Did you hear the notes, all those static codes
 C/G
In the radio abyss?

[Chorus 3]
 G Dm
Strangers in this town,
 C/G Am
They raise you up just to cut you down
 G Dm C/G Am
Oh Angela it's a long time coming
