Sep 8, 2025, 10:52AM

Key: G Capo: 4th Fret. Note: Capo on the 1st Fret for my voice.

[Intro]

G – Dm – C/G – C/G

[Verse 1]

When you left this town, with your windows down
And the wilderness inside
Let the exits pass, all the tar and glass
'Til the road and sky align

[Chorus 1]

The strangers in this town,
They raise you up just to cut you down
Oh Angela it's a long time coming

[Verse 2]

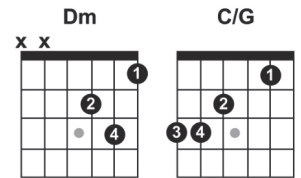

And your Volvo lights lit up green and white
With the cities on the signs
But you held your course to some distant war
In the corners of your mind

[Chorus 2]

From the second time around
The only love I ever found
Oh Angela it's a long time coming

[Break]

Home at laaaaaaaaaaast

[Verse 3]

Were you safe and warm in your coat of arms
With your fingers in a fist
Did you hear the notes, all those static codes
In the radio abyss?

[Chorus 3]

Strangers in this town,
They raise you up just to cut you down
Oh Angela it's a long time coming
Oh Angela spent your whole life running away

[Break 2]

Home at laaaaaaaaaaast
Home at laaaaaaaaaaast

[Reprise]

Vacancy, hotel room, lost in me, lost in you
Angela, on my knees, I belong, I believe
Home at laaaaaaaaaaast
Home at laaaaaaaaaaast
Home at laaaaaaaaaaast
Home at laaaaaaaaaaast

Home at last Mmmmm mmmmm mmmmm
Mmmmm mmmmm mmmmm mmmmm

[End]
