<Group 1>

<Group 1>

You can't hide behind social graces

So don't try to be all touchy feely

Cause you lie in my face of all places

But I've got no problem with that really

What bugs me is you believe what you're saying

What bothers me is you don't know how you feel

What scares me is while you're telling me stories

You actually believe that they are real

[Chorus]

<Group 2>

I've got no illusions about you

Guess what I never did

When I said, when I said Ill take it

I meant, I meant

<Group 1>

**as is, as is
as is, as is**

<Group 1>

Just give up and admit you're and asshole

You would be in some good company

And I think you'd find that your friends would forgive you

Or maybe I am just speaking for me

Cause when I look around, I think this just isn't good enough

So I try to laugh at whatever life brings

When I look down, I just miss all the good stuff

When I look up, I just trip over things

[Chorus]

<Group 2>

I've got no illusions about you

Guess what I never did

When I said, when I said Ill take it

I meant, I meant
