[Intro]

D – D – G D – A – D

[Verse 1]

D

Teach me the golden rule

Make me a lovesick fool

In the light of day

Let sorrow drift away

Crown of thorns has many jewels

[Verse 2]

Songs of glory sung in hate

Only destroy what love has made

And if the Kingdom comes

Don't wanna be the one

That is standing in the way

[Chorus]

Sure as the wind blows

Sure as the ri - vers flow

We will meet again

On the long road home

D – D

[Verse 3]

They say they've seen his face

They say he's called their name

I have heard their lies

Heard the peoples cries

Time has come, it's gettin' late

[Verse 4]

All the stories I have heard

Enlightened ones who walked the earth

They bring me sweet relief

Rid me of human grief

I am free from every hurt

[Chorus]

[Interlude]

Doesn't matter if you're right or wrong

You hear Sylvester sing a simple song

What they've been sayin' for, oh, so long

'Cause love and happiness is what's goin' on

[Break]

We will meet again

On the long road home

We will meet again

On the long road home

[Chorus] [2x]

Sure as the wind blows

Sure as the ri - vers flow

We will meet again

On the long road home
