[Intro]
G – C/G – Cmaj7/G   [2x]

[Verse 1]
```
  G                                          C/G       Cmaj7/G
I know that it is freezing, but I think we have to walk
    G                                        C/G       Cmaj7/G
I keep waving at the taxis, they keep turning their lights off
      Am                              D
But Julie knows a party at some actor's West side loft
        C/G          Am          C          D          G
Supplies are endless in the evening by the morning they'll be gone
```

```
        G                                   C/G       Cmaj7/G
When everything is lonely I can be my own best friend
        G                                   C/G       Cmaj7/G
I'll get a coffee and the paper, have my own conversations
          Am                                  D
with the sidewalk and the pigeons and my window reflection
        C/G          Am          C          D          G
The mask I polish in the evening by the morning looks like shit
```

[Chorus]
```
        C/G                              G
And I know you have a heavy heart, I can feel it when we kiss
        C/G                              G              A7
So many men stronger than me have thrown their backs out trying to lift it
        C/G          Em         G       D      C/G
But me I'm not a gamble, you can count on me to split
            C/G          Am          C          D          G
The love I sell you in the evening by the morning won't exist
```

[Verse 2]
```
          G                                     C/G       Cmaj7/G
You're looking skinny like a model with your eyes all painted black
        G                                       C/G       Cmaj7/G
Just keep going to the bathroom, always say you'll be right back
    Am                                  D
Well, it takes one to know one, kid, I think you've got it bad
          C/G          Am          C          D      G
But what's so easy in the evening by the morning's such a drag
```

```
    G                                       C/G       Cmaj7/G
I got a flask inside my pocket, we can share it on the train
        G                                   C/G       Cmaj7/G
And if you promise to stay conscious I will try and do the same
          Am                                  D
We might die from medication, but we sure killed all the pain
            C/G          Am          C          D      G
But what was normal in the evening by the morning seems insane
```

[Chorus]

       C/G   G
And I'm not sure what the trouble was that started all of this
      C/G   G   A7
The reasons all have run away, but the feeling never did
       C/G   Em   G   D   C/G
It's not something I would recommend, but it is one way to live
         C/G   Am   C   D   G
Cause what is simple in the moonlight by the morning never is
       C/G   Am   C   D Em Emadd#5   Em
It was so simple in the moonlight now it's so complicated
       C/G   Am   C   Am
It was so simple in the moonlight, so simple in the moonlight
    C/G   Am   G   [2 taps]
So simple in the moonlight
