

Key: G Notes: Original is in A

[Intro]

G

[Verse 1]

Well, you know I'm trying, to find my way
 Don't you know I'm trying, trying to find a way
 A way to make it work, make it go away
 But the blues is here to stay
 But you know I'm always trying to push these blues away

[Verse 2]

Hey now baby, can you see just what I done, yeah
 Hey now baby, can you see just what I done
 I treated you mean, I pushed you away
 But the blues is here to stay
 You know I'm always trying to push these blues away

[Verse 3]

Now I'm walking round in circles getting lost in every town
 Now I'm walking round in circles getting lost in every town
 I been blown around by a big old wind
 Since that day I let you down
 Big old blues, keeps coming on down

[Verse 4]

She know I keep trying, trying to find a way, yeah
 Don't you know I'm trying, trying to find a way
 A way to make it work, make it go away
 But the blues is here to stay
 Don't you know I'm trying to push these blues away

[Verse 5]

Hey now baby, can you see I know I went wrong
 Hey now baby, can you see I know I went wrong
 There's a river in me that's pulling me away
 It's trying to float me away
 But there's nothing in the water gonna wash these blues away

[Verse 6]

Don't know why I'm trying to push so hard away
 Don't know why I'm trying to push so hard away
 Well, I'm pushing you and you're pushing me back
 But nothing push the blues away
 But you know I'm trying, to push these blues away
